

Research Activity Report
Supported by “Leading Graduate Program in Primatology and Wildlife Science”
 (Please be sure to submit this report after the trip that supported by PWS.)

2015/6/15

Affiliation/Position	Wildlife Research Center/M1
Name	Takuya Okawa

1. Country/location of visit

Japan, Kyoto

2. Research project

Genome training course

3. Date (departing from/returning to Japan)

2015/6/1~2015/6/9 (9 days)

4. Main host researcher and affiliation

Professor Inoue, Professor Sugiura, Yoshimi-san

5. Progress and results of your research/activity (You can attach extra pages if needed)

Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.

We performed the DNA extraction, PCR, electrophoretic confirmation from the feces of the deer which we collected in Yakushima island and they were sequenced by sequencer. We discussed and analyzed the data, which announced the result as a poster by PWS international seminar. It was the wonderful experience for me because I could encounter many international people and good science technic. I appreciate the training course and all people.
