

**Research Activity Report**  
**Supported by “Leading Graduate Program in Primatology and Wildlife Science”**  
(Please be sure to submit this report after the trip that supported by PWS.)

	2014. May, 1st
<b>Affiliation/Positio</b>	Primate Research Institute/M1
<b>Name</b>	Rui Nishiyama

<b>1. Country/location of visit</b>	Koshima island, Kushima City, Kumamoto Prefecture, Japan
<b>2. Research project</b>	Case studies of Japanese macaque’s conspecific aggressions in Koshima island
<b>3. Date (departing from/returning to Japan)</b>	2015. April. 25 – 2015. May. 1 <sup>st</sup> (6 days)
<b>4. Main host researcher and affiliation</b>	Dr. Goro Hanya, Associate Professor of Kyoto University, Koshima Observation station
<b>5. Progress and results of your research/activity</b> (You can attach extra pages if needed)	<p>Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.</p> <p>During this visit, I conducted research on Japanese macaque’s conspecific aggressions. I used this opportunity to achieve that conspecific aggressions ‘frequency dependent of population. Through this experience, I have developed a clear vision on a good way to keep Japanese macaques , which will be of great help in the future conservation of animal welfare.</p>
