5. Progress and results of your research/activity (You can attach extra pages if needed)
Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.
<p>During this internship, I made document about endangered species for making web page. Also, I joined some meetings to discuss how to conserve rare species.</p> <p>I used this opportunity to learn how government does to conserve endangered wildlife.</p> <p>Through this experience, I learned many plans and research are conducted by bureaucrats, researchers, and local residents to conserve wildlife.</p>
6. Others
I did not take any pictures because there was much private information in office.
