

Poster session (17:25-18:25)

	Title	Presenter	Affiliation
Poster 1	Feeding behavior, rumination, and shade use of giraffe in Katavi National Park, Tanzania	Anna KAWAKITA	Wildlife Research Center of Kyoto university
Poster 2	Shark-bite wounds on wild Indo-Pacific bottlenose dolphins (<i>Tursiops aduncus</i>): a possible marker of their nighttime behavior and/or habitat-use.	Miho TANAKA	Wildlife Research Center of Kyoto university
Poster 3	Mammals living in Kamo River and Takano River areas seen through environmental DNA analysis	Kei MATSUSHIMA	Wildlife Research Center of Kyoto university
Poster 4	The genetic diversity and sustainability of Japanese golden eagles	Yu SATO	Wildlife Research Center of Kyoto university
Poster 5	Cetacean bycatch and stranding in Jeju Island, Republic of Korea between 2013 and 2016.	Mi Yeon KIM	Wildlife Research Center of Kyoto university
Poster 6	Approach behavior toward underwater swimmer in wild Indo-Pacific bottlenose dolphins	Kasumi SAKAKIBARA	Wildlife Research Center of Kyoto university
Poster 7	Emigration of Indo-Pacific Bottlenose Dolphins (<i>Tursiops aduncus</i>) from Mikura Island, Japan	Kimika TSUJI	Wildlife Research Center of Kyoto university
Poster 8	Wild Chimpanzee Mothers and Nonmothers are Attentive to Infants at Onset of Travel	Hiroko SAKURAGI	Wildlife Research Center of Kyoto university
Poster 9	Monitoring activity levels of free-ranging animals by using optical heart-rate and temperature loggers	Daisuke MURAMATSU	Wildlife Research Center of Kyoto university
Poster 10	Quantifying Patterns in Macaque Monkey Movement with Complexity Time Series Analysis	Kelly FINN	University of California Davis
Poster 11	How infants perceive the world: accessing the mountain gorilla infant's curiosity and how adults deal with it	Raquel COSTA	Primate Research Institute of Kyoto university
Poster 12	Improvement of automatic detection for dugong calls by machine learning	Kotaro TANAKA	Graduate School of Informatics, Kyoto University
Poster 13	Genes expression comparison for the genital divergence in Carabus with RNA-seq	Shota NOMURA	Department of Zoology, Graduate School of Science, Kyoto University
Poster 14	Genetic diversities in the two captive grevy's zebra populations	Hideyuki ITO	Wildlife Research Center of Kyoto university, Kyoto City Zoo
Poster 15	Distribution of Yakushima macaques and Shika deer in Yakushima	Participants of training course	
Poster 16	Polymorphisms of personality-related genes among Yakushima macaques	Participants of training course	
Poster 17	Phylogeography of Yakushima macaques inferred from mitochondrial DNA	Participants of training course	
Poster 18	Gastrointestinal parasites of mammals in Yakushima	Participants of training course	
Poster 19	Species composition in fern gametophyte in Yakushima	Participants of training course
