

# The 8th International Seminar on Biodiversity and Evolution

## Wildlife Science by Environmental DNA analysis

Guest Speakers:

**MIYA Masaki**

(Department of Ecology and Environmental Sciences  
Natural History Museum & Institute, Chiba)

Environmental DNA metabarcoding of fishes  
(+ other vertebrates) using universal PCR primers MiFish:

A data-driven approach for fish community research

**YAMANAKA Hiroki**

(Ryukoku University)

Applications of environmental DNA analysis to determine the  
Spatiotemporal distribution of fish

Date:

**June 5<sup>th</sup> 10:00-17:00**

- 10:00 Registration
- 10:30 Opening Remarks
- 16:35 Poster Session
- 17:05 Closing Remarks
- (17:20- Social Gathering)

Venue:

**Science Seminar House,  
North Campus, Kyoto University**
