

SUMMARY OF PREVIOUS SEMINAR

CICASP Seminar in Science Communication #136

MSc. Thesis Practice Presentation Extravaganza!

4pm–, Wednesday, July 15, 2020 (On Zoom)

The previous CICASP seminar was a special 2-hour event dedicated to master's thesis practice presentations, where WRC and PRI students Annegret, Hanling, and Zhihong practiced their presentations. Staff and students followed each presentation with commentary and constructive criticism.

OUTLINE OF UPCOMING SEMINAR

CICASP Seminar in Science Communication #137

Practice Presentation and Discussion, Online edition!

5PM–, Wednesday, July 22, 2020 (**online meeting using Zoom; access details will be provided in email announcements**) *

In our next seminar, we will listen to practice talks by colleagues who will be giving oral presentations at online academic conferences in the near future. Since this seminar will take place after the MSc thesis presentations on the same day, we will also discuss with our previous week's presenters what changes and commentary were beneficial to improve their talks from last week's seminar. We hope that this discussion will help you think more about the process of revising talks.

HOW WE CAN HELP

As we are coming to the end of the semester next month, we would like to know what other ways CICASP can help you in improving your science communication. If you have any suggestions or requests on the types of activities you would like for us to accommodate for next semester, please let us know! cicasp_seminar@mail2.adm.kyoto-u.ac.jp
