

Research Activity Report
Supported by “Leading Graduate Program in Primatology and Wildlife Science”
 (Please be sure to submit this report after the trip that supported by PWS.)

	2016. 05, 20
Affiliation/Position	Primate Research Institute/M1
Name	Akito TOGE

1. Country/location of visit
Seto Marine Biological Laboratory, Research Reactor Institute, Kyoto City Zoo, Center for Ecological Research, Primate Research Institute, Japan Monkey Centre
2. Research project
Inter-lab
3. Date (departing from/returning to Japan)
2016. 04. 04 – 2014. 04. 09 (6days)
4. Main host researcher and affiliation
Kyoto University
5. Progress and results of your research/activity (You can attach extra pages if needed)
Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.
<p>This is time schedule of inter-lab.</p> <p>4/4 Welcome lecture 4/5 Seto Marine Biological Laboratory 4/6 Research Reactor Institute (4/7 Entrance Ceremony) 4/8 Kyoto City Zoo, Center for Ecological Research 4/9 Primate Research Institute, Japan Monkey Centre</p> <p>We learned in inter-lab about a wide variety of study subjects and methods. I found that I’m very lucky, because I belong to Kyoto University, which has favorable environment to research and so many kinds of research institutes. Inter-lab course could extend our potentiality to research.</p> <p>Especially in Japan Monkey Centre, which has so many species of primates, I got interested in the usability for research resource of capital animals in zoos. I will research on wild forest guenons, but if possible, I would compare their behaviors between wild and captive ones.</p>
